PROFILE

Motivated high school graduate passionate about technology, software, and AI. Combines strong problem-solving and communication skills with a solid work ethic and integrity. A quick, open-minded learner eager to contribute to a dynamic team while growing professionally.

EXPERIENCES

English

(B2) upper-intermediate

confident in written communication and conversations. As a student studying in a international program university, my english skill is improving day by day.

Study Habit

American University of Phnom Penh

Results-driven and adaptive university student with a consistent history of academic excellence, earning mostly A+ grades and a 3.83 CGPA. Recognized for the ability to learn new tools and systems quickly and manage multiple rigorous project deadlines successfully.

Programming Language

Self-study (Coursera)

strong interest in coding and web development. Through my coursework and projects, I have built a solid foundation in Python, PHP, MySQL, and web design using HTML, CSS, and JavaScript. I learn new tools quickly and am eager to apply these skills in a practical environment.

Social skill

Volunteer

Active volunteer with a strong commitment to community service. Gained hands-on experience assisting with large-scale charity initiatives and high-profile events in Cambodia, working alongside organizations like One More Group (Vital and Mii Chiet) and events associated with the First Lady. Reliable team player with practical skills in event coordination and teamwork.
